

The Mount Sinai Global Health Center

Jonathan Ripp, MD
Associate Director

The Mount Sinai Medical Center

Central Mission: “...high-quality patient care and teaching conducted in an atmosphere of **social concern** and scholarly inquiry into the nature, causation, prevention and therapy of human disease...”

At the Corner of Two Distinct Neighborhoods...

Death before age 75

The 2003-2004 average annual death rate for people younger than 75 years in East Harlem is the second highest, ranking 41st among 42 NYC neighborhoods

Data Sources: Bureau of Vital Statistics, NYC
DOHMH, 2003-04; U.S. Census 2000/NYC
Department of City Planning

History of Global Health at Mt Sinai

Mount Sinai Global Health Center

Mission: To improve the health of the underserved
by training future leaders in global health

The Role of the Global Health Center

Working Across the Institution

- Education
- Site Development
- Mentorship
- Scholarship
- Career Development
- Developing Research Collaborations

Medical Student Program

MS1

Summer Clinical & Research Electives
Two-Week Intensive Global Health Selective

MS2

Global Health “Course Without Walls”

MS3

Four-Week Clinical & Research Electives

MS4

Residency Program

Global Health Track

- Interdisciplinary
- Last 2 years of Training
- Didactic Component
 - Intro to Global Health
 - Research Design
- Field Work
 - Research Project
 - Clinical Experience

Med-Peds Residency

- Only Program of its Kind
- Complete Training in Medicine and Pediatrics
- Master of Public Health
 - Global Health Track
- Field Work
 - Research Project
 - Clinical Experience

MPH Program

Global Health Track

- 42 credits
 - Includes a thesis requirement + Core MPH Classes
- Subjects include the following
 - *Health and Human Rights*
 - *Refugee Health*

Events

- Bench to Bedside
Jun 4 2007 - 9:00am

Bench to Bedside
The Global Health "Bench to Bedside" offers an overview of important topics in global health, ranging from human rights, to major players in the field, to important public health issues. Students will have the opportunity to tour the United Nations, attend clinics in local schools (global is local, too), and shadow local infectious disease experts.

By Sigrid Hahn MD at May 15 2007 - 2:34pm

2007 Global Health Conference lecture videos posted
Videos of the first two lectures (given, respectively, by Drs. Skip Burkle and Les Roberts) at this year's Global Health Conference have been posted.

By Tom Joseph at May 13 2007 - 11:42pm

Comprehensive global health calendar
A calendar with a wide variety of national and international global health events is now available from University Coalitions for Global Health. [Click here to see it](#)
