

New this year, e-Posters!

The poster sessions are always high on the list of what attendees, and reporters covering the meeting value. In an effort to have posters seen by more attendees, we are adding e-Posters this year. This is in addition to the standard required printed poster, not a replacement.

A few important details:

- e-Posters do not replace the in-person poster presentation with a printed poster, which is required.
- You must bring your printed poster for the in-person poster presentation. Your e-Poster does not replace your printed poster. Remember to bring push pins to hang your printed poster. ASTMH does not provide push pins for your printed poster.
- ePosters will NOT be available on screens in the Poster Hall.
- During the week of November 4, you will receive an email with the link and instructions to upload your e-Poster file to the e-Poster web site (if you choose to participate. If you prefer not to participate, delete the email.).
- This e-Poster feature is 100% voluntary.
- Upload your e-Poster file as a .ppt or .pptx (PowerPoint) file or .pdf (PDF) file.
- If you have to replace your e-Poster file on the e-Poster web site, use the same link to upload the replacement file.
- Your e-Poster is secure: it cannot be downloaded or copied by visitors to site.
- If a visitor tries to access your e-Poster during an ‘embargoed’ time, the visitor will be re-directed to posters available for viewing.
- The e-Poster viewing schedule is:
