Update Course

Designed for licensed physicians, nurses, nurse practitioners, physician assistants, veterinarians and other health professionals. Developed and presented by internationally recognized experts in the field of tropical medicine and travelers’ health.

An excellent course for those planning to take the ASTMH Examination Leading to a CTropMed® (Certificate of Knowledge in Clinical Tropical Medicine and Travelers’ Health). The next exam will be offered November 12, 2016, in Atlanta prior to the 65th Annual Meeting.

Attend This Meeting if You:

1. Have been working in clinical tropical medicine and travelers’ health and want to learn the most up-to-date science in the field.
2. Have been spending some of your professional time in clinical tropical medicine and travelers’ health and are interested in obtaining an overview of the field.

Objectives

Participation in this course allows attendees to better:

1. Prepare patients for overseas travel to low- and middle-income countries.
2. Diagnose and treat individuals who have become ill during overseas travel or residence.
3. Diagnose and treat individuals living in the tropics and subtropics who are ill.

Benefit from This Meeting by:

1. Increasing your knowledge of patients’ pre-travel needs.
2. Increasing your knowledge of illness in the returned traveler.
3. Increasing your knowledge of illness in endemic settings.

Interactive Learning

This course will utilize an audience response system, which allows facilitators to collect live feedback from the course participants through an individual hand held device. Presentations will be case-based and results will be instantly available to facilitate learning and engagement.
