Support the Work of ASTMH

Every donation helps us continue to work towards our mission of promoting global health through the prevention and control of infectious and other diseases that disproportionately afflict the global poor. We do this in part by providing awards and fellowships that encourage a career in tropical medicine.

My Donation is for the:

- Centennial Travel Award in Basic Science Tropical Disease Research-Endowment Fund (awarded annually to physicians and scientists for field experience in combination with laboratory studies of parasitic, bacterial or viral infectious diseases in endemic developing countries)

- James W. Kazura AJTMH Page Waiver Fund (honoring Dr. Kazura’s [Editor-In-Chief 1998-2013] commitment to helping authors from low income countries offset the cost of publication fees for papers published in the Society’s journal, the American Journal of Tropical Medicine and Hygiene)

- Check here to make your Kazura Fund donation anonymous.
