

Continuing Education Credit for Veterinarians

The American Society of Tropical Medicine and Hygiene 2025 Annual Meeting has been approved for 106 hours of continuing education credit in jurisdictions that recognize American Association of Veterinary State Boards RACE approval, with 26 hours available to an individual attendee (4 hours for Livestream Portal registrants).

To claim this credit, follow these steps:

- Complete the form below and indicate the sessions you attended using the attached list of sessions.
- Claim only one concurrent session per timeframe: Credit for the 2025 Annual Meeting will be administered as a live in-person activity, whereby credit cannot be claimed for more than one session held during a period of concurrent sessions.
- Indicate the total hours of attendance at conference sessions at the bottom of the session list.
- Complete and return the form to j.deacetis@astmh.org by Monday, November 24.

PARTICIPANT EVALUATION FORM

Program Title: American Society of Tropical Medicine and Hygiene 2025 Annual Meeting

Provider Name: American Society of Tropical Medicine and Hygiene

Location (City, State): Toronto, Ontario, Canada

Date: November 9-13, 2025

Please take a moment to fill out this program evaluation so we can improve and tailor future programs based on your feedback. Thank you!

Did this program meet its proposed Objectives?

Objective #1:

Identify, evaluate and differentiate various tropical diseases

☐ Yes

☐ No

Comments:

Objective #2:

Explain the basic science background of tropical medicine

☐ Yes

☐ No

Comments:

Objective #3:

Summarize current research in tropical medicine and hygiene

☐ Yes

☐ No

Comments:

Was the content of the program relevant to the practice of veterinary medicine?

Was the content of the program relevant to your area of practice?

Was the content of the program practical and helpful to you?

Was the content of the program well-organized?

Was the speaker articulate?

Was the speaker responsive to your questions?

Was there any aspect of the program that we could improve upon?

Is there any other information you would like to share with us?
