

2023 ANNUAL MEETING Livestream Sessions

FROM EVIDENCE *to* ACTION

This livestreamed session package* has been curated for you by the Scientific Program Chair and the Associate Program Chair. It offers a curated selection of the best science across a variety of tropical medicine/global health foci, plus the Opening Plenary and Awards Program, the President's Address and full access to the ePoster Hall Gallery.

WEDNESDAY, OCTOBER 18

Plenary Session I: Opening Session and Awards Program

Keynote: Ambassador John N. Nkengasong

U.S. Global AIDS Coordinator and Special Representative for Global Health Diplomacy

THURSDAY, OCTOBER 19

Scientific Session 5: Malaria — Diagnosis: Challenges and Innovations

Symposium 17: Alan J. Magill Malaria Eradication Symposium: Using Vector Control to Advance Malaria Elimination

Late-Breaker Abstract Session 28: Late-Breakers in Basic Science

Plenary Session 30: Plenary Session II: Fred L. Soper Lecture: Miles to Go: Vaccines for Enteric Infections

Gagandeep Kang, MBBS, MD, PhD, FRCPATH, Director EDGE, Global Health, Bill & Melinda Gates Foundation

Scientific Session 34: Malaria — Drug Development and Clinical Trials

Symposium 47: Enhancing Development and Evaluation of New Vector Control Technologies Through Social and Behavioral Research: Insights from Spatial Repellent, Endectocide, and New Net Trials

FRIDAY, OCTOBER 20

Plenary Session 59: Plenary Session III: Commemorative Lecture, *Oluwakemi Ogundipe, MD, MPH, Pediatric Advisor, Médecins Sans Frontières/Doctors without Borders (MSF)*

Scientific Session 63: Malaria — Antimalarial Resistance and Chemotherapy

Symposium 75: Demystifying NIH Grants for Trainees

Scientific Session 79: Viruses — Epidemiology and Transmission Biology

Scientific Session 92: Mosquitoes — Biology and Genetics of Insecticide Resistance

SATURDAY, OCTOBER 21

Symposium 105: Mechanisms of Protection Induced by the RTS,S/AS01 Vaccine and Identification of Host Signatures Influencing Vaccine Efficacy to Inform Next-Generation Malaria Vaccine Development

Plenary Session 115: Plenary Session IV: Presidents' Address

Late-Breaker Abstract Session 117: Late-Breakers in Malaria

Symposium 123: To Infinity and Beyond: The Tale of Eradication, Why it Matters and the Lessons Learned from Smallpox, Rinderpest, Polio and Guinea Worm

Scientific Session 136: Malaria – Surveillance and Data Utilization

SUNDAY, OCTOBER 22

Scientific Session 150: Malaria - Insights into Malaria Pathogenesis

Plenary Session 160: Plenary Session V - TBA

Symposium 164: Building Malaria Modelling Capacity: Training a New Generation of Mathematical Modellers in Sub-Saharan Africa

**This session list is subject to change*

All livestreamed sessions will be recorded and available On-Demand until **October 1, 2024**.

Digital posters submitted to the ePoster Hall Gallery will be available for On-Demand viewing through **April 30, 2024**.
