Striving for Professional Excellence
in Clinical Tropical Medicine
and Travelers' Health

October 6-19, 2025

The **CTropMed**® Examination is being offered globally through secure internet-based testing sites.

View the list of testing centers [here](#).

Certificate of Knowledge in Clinical Tropical Medicine and Travelers' Health

Established by ASTMH in 1995, the examination assesses and recognizes individual excellence in training and knowledge. Fostering professional development in the fields of clinical tropical medicine and travelers' health is one of the Society's highest priorities. To that end, ASTMH developed the Certificate of Knowledge in Clinical Tropical Medicine and Travelers' Health (CTropMed® Examination) as a means to distinguish individuals who have demonstrated advanced knowledge and experience in these fields.

The Certificate of Knowledge in Clinical Tropical Medicine and Travelers' Health is conferred on:

- ▶ Licensed healthcare professionals applying via the Practice Pathway or those healthcare professionals (regardless of licensure) who have passed an ASTMH-approved Diploma Course.
- ▶ Having direct experience in the fields of tropical medicine and/or travelers' health.
- ▶ Passing the CTropMed® Examination.

About the Examination

The examination design complies with the American Psychological Association's joint technical standards on testing and testing-industry standards.

To designate knowledge areas appropriate for testing in the examination, specialists and other experts in the fields of tropical medicine and travelers' health are surveyed. Their reports are used to develop specifications and content for the examination. Access the exam outline [here](#).

The exam consists of 200 multiple-choice questions, some of which are accompanied by diagrams or other images. Four hours are allowed to complete the examination. Each question contains four choices, with only one correct answer. The questions are developed and regularly reviewed by an ASTMH expert panel, with the assistance of [Meazure Learning](#), a widely respected provider of high-quality testing and training for corporations, government agencies, educational institutions, and trade and professional associations.

Given the rapid changes in medical knowledge and scientific developments, ASTMH makes every reasonable effort to ensure that the examination reflects the current state of knowledge. However, it is important to note that no certificate program can guarantee medical competence, nor does this examination guarantee clinical competence.

When:

October 6-19, 2025

(Select the day within this window that works best for your schedule)

Where:

Over 1,400 testing center locations in 110 countries.

- 6 CTropMed® Examination Committee
- 6 Examination Checklist

The Two Pathways to Apply:

Diploma Course Pathway

- ▶ Physicians, physician assistants, nurses, nurse practitioners, students, paramedics, pharmacists and other allied health professionals.
 - Eligible without a professional healthcare license but must be working in the health/public arena.

Practice Pathway

- ▶ Licensed healthcare professionals (physician, physician assistant, nurse, nurse practitioner) in the U.S. or Canada or equivalent elsewhere in the world.
 - Physicians must have an unconditional, unrestricted license to practice medicine.
 - Nurses must have a current, unencumbered license as an RN valid through the date of the examination.

Q: What are the application requirements?

A: Demonstrating two months of clinical tropical medicine experience AND Diploma Course or Practice Pathway.

1. Demonstrating Two Months of Hands-on Clinical Tropical Medicine Experience

For physicians, appropriate experience obtained during medical school may be used as long as the activities took place during the clinical phase of training, which includes the 4th year of medical school, residency, fellowship, etc., and were clinically engaged. If the two months of experience have not been completed, application may still be submitted for the examination as long as the remaining criteria for the selected pathway is met. ASTMH will hold the certificates until documentation of two months of experience is received by the Society.

Use the form below to submit your two months clinical experience. Once completed, please upload to your exam application.

The **CTropMed® Examination** is offered globally through secure internet-based testing sites. View the list of testing centers [here](#).

2. Through an [ASTMH-approved Diploma Course](#) or Practice Pathway

Diploma Course

- ▶ Successful completion of an [ASTMH-approved Diploma Course](#) in tropical medicine. The course must have been accredited at the time the diploma was awarded. Course must be completed prior to June 16, 2025. No exceptions.
- ▶ If more than five years have lapsed since completion of Diploma Course:
 - Applicants must provide documentation of 15 hours of continuing education credit in tropical and/or travel medicine. Include a copy of the certificate(s) of attendance issued by the continuing education provider.
 - A license is not required for students and allied health professionals in healthcare professions who wish to sit for the examination and are applying via the Diploma Course Pathway; however, the [ASTMH-approved Diploma Course](#) must be completed prior to June 16, 2025 and applicants must have relevant practical experience in clinical care, public health and clinical/field research.

Practice Pathway

- ▶ Evidence of a minimum of five years of substantial, cumulative practice experience in the field of clinical tropical medicine following completion of residency training. Substantial practice experience is defined as at least 10 percent of total professional time devoted to clinical tropical medicine in at least two of the following areas:
 1. Assessment and management of illness in persons in, or returned from, the tropics.
 2. Diagnosis and treatment of infectious diseases.
 3. Health evaluation and treatment of tropical infectious diseases.
 4. Diagnosis and management of common parasitic infections.
 5. Pre-travel health advice. Time devoted to pre-travel health advice may be used to account for no more than one-half (5 percent total professional time) of the total time required for eligibility.
- ▶ For physicians, 30 documented hours of continuing education credit in tropical and/or travel medicine within the five years prior to the application deadline. Include a copy of the certificate(s) of attendance issued by the continuing education provider.
- ▶ For nurses, 30 documented hours of continuing education credit in a related field within the five years prior to the application deadline. Include a copy of the certificate(s) of attendance issued by the continuing education provider.
- ▶ Professional healthcare license.

Please Note: If your five years of practice experience includes the two months of clinical overseas/domestic experience, please specify the activities completed, the number of weeks that should be counted toward the two months and the types of clinical tropical medicine cases seen and managed. Please, no CVs.

Reaffirming ASTMH's Commitment to Inclusion and Respect

Non-Discrimination Policy

ASTMH does not discriminate against any person on the basis of age, gender, sexual orientation, race, religion, national origin, medical condition, physical disability, marital status or any other protected classification.

REGISTRATION
WILL OPEN IN JUNE

2025 Annual Meeting
November 9-13 | Metro Toronto Convention Centre
Toronto, Ontario, Canada

Attend the [virtual Update Course](#) in Clinical
Tropical Medicine and Travelers' Health

September 20 - 21, 2025

This two-day condensed course provides a broad overview of core topics in clinical tropical medicine and travelers' health.

Online Application for the CTropMed® Examination

All applications and payments must be [submitted online](#) by **June 16, 2025**. Once the submission site closes, applications will no longer be accepted.

Submission Requirements:

Diploma Course

1. Complete [online application](#) for the exam and [pay your application fee online](#) by credit card. We accept Visa, Mastercard, American Express and Discover. For additional payment options, please email [Buffy Finn](#), Manager, Membership.
2. **Upload:** (All uploaded documents must be in English)
 - ✓ Description of the two months of hands-on clinical tropical medicine experience, including institution name, location. [Use this form to submit your experience.](#)
 - ✓ Documentation of successfully completing an [ASTMH-approved Diploma Course](#). Course must be completed by June 16, 2025.
 - ✓ Documentation of 15 hours of continuing education credit (only if course was completed more than five years ago).
 - ✓ Documentation of professional experience that includes medical education, residency, and fellowships including places and dates for each. Please list education with dates and degrees and any specialty certification with dates and names of issuing bodies. Please limit to two pages max.

Practice Pathway

1. Complete [online application](#) for the exam and [pay your application fee online](#) by credit card. We accept Visa, Mastercard, American Express and Discover. For additional payment options please email [Buffy Finn](#), Manager, Membership.
2. **Upload:** (All uploaded documents must be in English)
 - ✓ Copy of current professional healthcare license.
 - ✓ Description of the two months of hands-on clinical tropical medicine experience. [Use this form to submit your experience.](#)
 - ✓ Description of five years of clinical tropical medicine experience. [Use this form to submit your experience.](#)
 - ✓ Documentation of 30 hours of continuing education credit.
 - ✓ Documentation of professional experience that includes medical education, residency and fellowships, including places and dates for each. Please list education with dates and degrees and any specialty certification with dates and names of issuing bodies. Please limit to two pages max.

Final Reminders:

1. ASTMH collects information regarding gender and race/ethnicity. The responses are for demographic purposes only.
2. Transcripts/Resumes/Curriculum Vitae will not be accepted.
3. It is recommended that applicants save and print a copy of the completed application for their records.
4. Payment due at the time of submitting your application.
5. Other fees:
 - If the candidate does not meet eligibility requirements or cancels their application for any reason, the candidate will receive a refund from ASTMH minus a \$100 US processing fee. No refunds will be issued after September 8, 2025.
 - Additionally, if the candidate has to reschedule or cancel their previously scheduled exam date, time or location, [Meazure Learning](#), not ASTMH, will add a \$50 US rescheduling/cancellation fee payable directly to [Meazure Learning](#) in order to reschedule or cancel.
 - For Cancellations before September 8, there is a \$100 US processing fee assessed by ASTMH in addition to the \$50 US rescheduling/cancellation fee from [Meazure Learning](#).
 - No refunds will be issued after September 8, 2025.
