

Gender and Malaria Community of Practice: Co-Creating an Advocacy Agenda Workshop

Workshop Objectives:

- 1) Present and validate the work the malaria and gender CoP has created via its co-creative process towards developing a shared advocacy agenda on a gendered approach to accelerate malaria eradication.
- 2) Use this opportunity to bring together existing and new stakeholders at the local, regional, and global levels who are engaged in malaria eradication and gender equality work to expand the membership of the Global Malaria and Gender Community of Practice and further provide input to the advocacy agenda.
