

Are you a public health researcher, statistician, data analyst or an M&E program officer working with infectious disease data?

Are you new to spatial data and making informative maps using up-to-date tools or wish to upskill in these areas?

Introduction to Spatial Analysis for Infectious Diseases

Organised by the **Malaria Atlas Project**

This free workshop will be held in-person in Seattle as part of the ASTMH annual meeting. Limited number of scholarships available, see the link for details.

Sunday, October 30th 2022, 7.30am – 4.30pm
